Dear Mr. Noe;

Doctor Horatio Storer had a portrait plaque of himself reproduced in your journal a couple of years ago, and as an article is being written on my work in lower leaf for the "International Studio" I am writing to know if the block could be loaned to them for purposes of reproduction. If so, I will be very much obliged to you if you will let me know, that I may inform the editor, as he would like very much to use Doctor Storer's plaque as an illustration.

Sincerely yours,

R. Tait McKenzie.

My dear Mr. Noe:

Thank you very much for the list of medals.

I enclose the names of a few which I think would represent my work more truly than some on your list, and there are three that I would gladly see out of circulation.

Yours sincerely,

R. Tait McKenzie

Dear Dr. McKenzie:

Your letter of March 3rd is at hand. If it is your intention to offer these as a gift to our collection, as I presume is the case, it almost goes without saying that we should be very glad to welcome any or all of them. I do not like to seem greedy but the one for the National Junior Forum medal which you append would also be very welcome. I feel quite sure that the three you desire to have removed from exhibition would readily yield place to those which you prefer. We of course are just as anxious as you can be to have the most representative of your medals on exhibition. Again thanking you for your kind thought for our collection, I am

Dear Dr. McKenzie:

Herewith I am enclosing a formal acknowledgement for your gift of four medals just received from the Medallic Art Company. It is appreciated very much indeed. We have withdrawn from exhibition the three medals specified by you:

The James E. Sullivan
The I. C. A. A. Medal
The Gulick Medal.

The space occupied by them will be filled by the new medals which add very much to the attractiveness of your representation.

Sincerely yours,

SN:JG
